Vitavera

DESCRIPTION

Vitavera™ is a chewable multivitamin dietary supplement containing essential vitamins including Vitamins A, C, D, E, B-complex vitamins, and folate. It is formulated to support general nutritional supplementation and overall health.

INDICATIONS AND USAGE

Vitavera™ is indicated to provide supplemental amounts of essential vitamins including Vitamins A, C, D, E, thiamine, riboflavin, niacin, vitamin B6, vitamin B12, and folate. It is intended to supplement the diet and help prevent nutritional deficiencies.

Formulated for use in patients requiring vitamin supplementation as directed by a licensed healthcare practitioner.

WARNINGS

Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6 years of age.
Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.

PRECAUTIONS

Folic acid in doses above 0.1 mg daily may obscure pernicious anemia, in that hematologic remission can occur while neurological manifestations remain progressive.

The patient's medical condition and concurrent use of medications, herbs, or supplements should be considered prior to use.

If pregnant, lactating, or trying to conceive, consult a licensed healthcare professional prior to use.

General

Drug Interactions

Carcinogenesis, Mutagenesis, Impairment of Fertility

Pregnancy

Nursing Mothers

Pediatric Use

ADVERSE REACTIONS

Allergic sensitization has been reported following oral administration of folic acid.

Adverse reactions are generally rare at recommended dosages; however, hypersensitivity reactions may occur.

OVERDOSAGE

In case of accidental overdose, seek professional assistance or contact a poison control center immediately.

DOSAGE AND ADMINISTRATION

Usual adult dosage is **one tablet daily**, to be **dissolved in the mouth or chewed before swallowing**, or as directed by a licensed healthcare practitioner
