

**PRORINO DELAY- menthol, eucalyptus globulus, mentha arvensis spray**  
**HOT PRODUCTIONS AND VERTRIEBS GMBH**

*Disclaimer: This homeopathic product has not been evaluated by the Food and Drug Administration for safety or efficacy. FDA is not aware of scientific evidence to support homeopathy as effective.*

-----  
**HOT PRODUCTS - Prorino Delay Spray (71326-202)**

**ACTIVE INGREDIENTS**

Menthol 0.5x HPUS

Eucalyptus Globulus Leaf Oil 0.1x HPUS

Mentha Arvenes Leaf Oil 0.1x HPUS

**PURPOSE**

Topical Anesthetic

**USE**

For temporary male genital desensitization, helping to slow the onset of ejaculation.

**WARNINGS**

Premature ejaculation may be due to a condition requiring medical supervision. If this product, used as directed, does not provide relief, discontinue use and consult a doctor. Avoid contact with the eyes or broken skin.

If you or your partner develop a rash or irritation, such as burning or itching, discontinue use. If symptoms persist, consult a doctor.

Do not use during the partner's pregnancy.

Keep out of reach of children. If product is accidentally swallowed, get medical help or contact a Poison Control Center right away.

**DIRECTIONS**

- Prior to the coitus apply a thin layer of the cream onto the glans and under it (glans frenulum) and spread by massaging.
- Approximately 5 minutes later the cream will have absorbed well and will have fully developed its effect.
- Prior to the coitus itself, the cream must be unconditionally washed off the penis and glans.
- The effect may be increased by repeated use of the cream shortly before the coitus.

**OTHER INFORMATION**

- Store in a cool, dry place. Protect from sunlight.
