

NEUTROGENA RAPID CLEAR ACNE ELIMINATING SPOT- salicylic acid gel
Kenvue Brands LLC

Neutrogena Rapid Clear Acne Eliminating Spot Gel

Drug Facts

Active ingredient

Salicylic Acid 2%

Purpose

Acne medication

Use

For the treatment of acne.

Warnings

For external use only.

Flammable

Keep away from fire or flame.

When using this product

When using this product

- skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. If irritation occurs, only use one topical medication at a time.
- if eye contact occurs, flush thoroughly with water.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- clean the skin thoroughly before applying this product
- cover the entire affected area with a thin layer one to three times daily
- because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor
- if bothersome dryness or peeling occurs, reduce application to once a day or every other day.

Other information

Sunburn Alert

This product contains an alpha hydroxy acid (AHA) that may increase your skin's sensitivity to the sun and particularly the possibility of sunburn. Use a sunscreen, wear protective clothing, and limit sun exposure while using this product and for a week afterwards.

Store at Room Temperature.
