Uses

According to homeopathic indications these ingredients provide temporary relief from symptoms of Tinnitus such as:

- Ringing
- Buzzing
- Noises in ears
- Pain and Discomfort

Warnings

- Consult with your doctor prior to use if you are currently taking blood thinning medications or if you are a pregnant or nursing.
- Initial worsening of symptoms may occur.
- If symptoms persist or worsen, consult your doctor.

Keep this and all medicines out of reach of children.

Do not use

If tamper evident seal is broken.

Stop Use and See A Doctor If

You experience ear pain or prolonged worsening of symptoms.

Directions

Take 1 caplet, morning and evening, 5 minutes before or 20 minutes after a meal. Let the homeopathic external shell dissolve in your mouth until the sweetness is gone (approx. 20-40 seconds), then swallow the remaining vitamin enriched core with water. For faster results take 1 caplet 3 times per day. For best results, use for at least 6 months. After desired results are achieved, reduce dosing to 1 caplet 2 times per day.

Other Information

Tinnitus may be a symptom of a more serious health condition and your doctor should be consulted for proper diagnosis. Over the counter drugs like aspirin or drugs such as caffeine and tobacco can aggravate tinnitus. For maximum results, and especially if earwax build up is an issue, use caplets with Ring Relief Ear Drops.

Ring Relief®

Homeopathic Medicines and
Dietary Supplements

Dual Delivery Caplets for:
(see side panel)

- Ringing, Buzzing and Noises in Ears
- Pain and Discomfort
- Hardness of Hearing
- Inner Ear Problems
- Tinnitus*

*Tinnitus is the unexplained sound of noise in your ears. Often referred to as "ringing in the ears," the sounds can range from very faint to a loud disturbing roar. Common causes include exposure to loud noises, age-related hearing loss, and earwax blockage.

Anyone experiencing tinnitus should see a doctor to determine if a specific treatment is needed or to make sure that it is not a sign of a serious underlying condition.

The Ring Relief dual delivery caplet not only stimulates the body's natural ability to alleviate the symptoms of tinnitus, it also provides the necessary nutrients to carry out the process.

The oral homeopathic external shell is best absorbed through the mouth, while its vitamin enriched core should be absorbed via the digestive tract. (see directions)

**Directions:**

Take 1 caplet, morning and evening, 5 minutes before or 20 minutes after a meal.

Let the homeopathic external shell dissolve in your mouth until the sweetness is gone (approx. 20-40 seconds), then swallow the remaining vitamin enriched core with water.
