

**SANATOS MULTI SYMPTOMS NIGHTTIME- acetaminophen, dextromethorphan hbr, doxylamine succinate liquid**  
**Pharmadel LLC**

-----  
**Sanatos Nighttime MS 6 (PLE)**

**Drug Facts**

**Active ingredients & Purposes**

---

**Active ingredients**

(in each 30 mL)

Acetaminophen 650 mg

Dextromethorphan HBr 30 mg

Doxylamine succinate 12.5 mg

**Purposes**

Pain reliever/ fever reducer

Cough suppressant

Antihistamine

---

**Uses**

Temporarily relieves common cold/flu symptoms associated with

- minor aches and pains
- headache
- sore throat
- runny nose
- cough due to minor throat and bronchial irritation
- sneezing
- temporarily reduces fever

**Warnings**

**Liver warning:** This product contains acetaminophen. Severe liver damage may occur if you take:

- adults take more than 4 doses in 24 hours, which is the maximum daily amount
- child takes more than 3 doses in 24 hours
- taken with other drugs containing acetaminophen
- adult has 3 or more alcoholic drinks everyday while using this product

**Sore throat warning:** If sore throat is severe, persists for more than 2 days, is accompanied or followed by fever, headache, rash, nausea, or vomiting, consult a doctor promptly.

**Do not use**

- with any other drug containing acetaminophen (prescription or nonprescription). If you are not sure whether a drug contains acetaminophen, ask a doctor or pharmacist.
- if you are now taking a prescription monoamine oxidase inhibitor (MAOI) (certain

drugs for depression, psychiatric or emotional conditions, or Parkinson's disease), or for 2 weeks after stopping the MAOI drug. If you do not know if your prescription drug contains an MAOI, ask a doctor or pharmacist before taking this product.

**Ask a doctor before use if user**

- has a sodium-restricted diet
- has liver disease
- has glaucoma
- has cough that occurs with too much phlegm (mucus)
- has a breathing problem or chronic cough that lasts or as occurs with smoking, asthma, chronic bronchitis, or emphysema
- has trouble urinating due to enlarged prostate gland
- is a child with pain of arthritis

**Ask a doctor or pharmacist before use if user is**

- taking the blood thinning drug warfarin
- taking sedatives or tranquilizers

**When using this product**

- excitability may occur, especially in children
- may cause marked drowsiness; alcohol, sedatives, and tranquilizers may increase the drowsiness effect
- avoid alcoholic beverages
- use caution when driving a motor vehicle or operating machinery

**Stop use and ask a doctor if**

- pain or cough gets worse or lasts more than 5 days (children) or 7 days (adults)
- fever gets worse or lasts more than 3 days
- redness or swelling is present
- any new symptoms occur
- cough comes back, or occurs with rash or headache that lasts.

These could be signs of a serious condition.

**If pregnant or breast-feeding,**

ask a health professional before use.

**Keep out of reach of children.**

In case of overdose, get medical help or contact a Poison Control Center right away. Prompt medical attention is critical for adults as well as for children even if you do not notice any signs or symptoms.

**Directions**

- use only dosing cup provided
- shake well before use
- if you are taking other cold/flu products, read complete labeling
