Keratex Hoof Hardener

For soundness and reliability

Strengthens and protects shod and unshod hooves; prevents cracks and hoof breakage so that shoes stay on tight and the horse remains sound.

Ideal for: Weak hooves. Horses that are worked barefoot. Brood mares, foals and yearlings. Soft soles prone to bruising.

Keratex Hoof Hardener strengthens the molecular structure of the hoof horn and soles by cross-linking keratin. With no surface coating residue, the foot is still able to 'breathe'. You will quickly notice an improvement in your horse's hooves.

Instructions For Use: Apply to the lower half of the hoof and sole, avoiding coronary band and frog. Use daily for one week then twice weekly for general maintenance.

Keep away from horse's eyes, nose and mouth. Not to be used on animals intended for human consumption. For external application to equine hooves only.

Harmful if swallowed. Causes severe skin burns and eye damage. May cause an allergic skin reaction. Suspected of causing genetic defects. May cause cancer. Causes damage to the optic nerve by ingestion. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Do not breathe vapors, mist spray. Wash hands, forearms thoroughly after handling. Do not eat drink, smoke when using this product. Contaminated work clothing must not be allowed out of the workplace. Wear protective gloves, protective clothing, eye and face protection. If swallowed: rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER or doctor/physician. If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. If inhaled: Remove person to fresh air and keep comfortable for breathing. Immediately call a POISON CENTER or doctor/physician. IF IN EYES: Rinse cautiously with water for several minutes: Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician. If exposed or concerned: Get medical advice/attention. Store locked up. For professional use only. Keep away from children. Dispose of contents and/or container to hazardous or special waste collection

point, in accordance with local, regional, national and/or international regulations.

Hoof Hardener Ingredients Statement. This product contains: Aluminium chloride hexahydrate CAS No. 7784-13-6. Glycerine (glycerol) CAS No. 56-81-5. Formaldehyde CAS No. 50-00-0. Ethyl alcohol CAS No. 64-17-5. Methyl alcohol CAS No. 67-56-1. Methyl salicylate CAS No. 119-36-8. Water.

Patent: No. 2250196

8.45 fl oz (250ml)

#### Danger

HOOF HARDENER
INGREDIENTS STATEMENT
This product contains:
Aluminium chloride hexahydrate
CAS No 7784-13-6,
Glycerine (glycerol) CAS No 56-81-5,
Formaldehyde CAS No 50-00-0,
Ethyl alcohol CAS No 64-17-5,
Methyl alcohol CAS No 67-56-1,
Methyl saicylate CAS No 119-36-8, Water,

Harmful if swallowed 

Causes severe skin burns and eye damage 

May cause an allergic skin

reaction . Suspected of causing genetic defects.

May cause cancer. • Causes damage to the optic nerve by ingestion. • Obtain special instructions

before use. • Do not handle until all safety precautions have been read and understood. • Do not breathe vapors, mist, spray.

KERATEX HOOF HARDENER strengthens the molecular structure of the hoof horn and soles by cross-linking keratin.

> With no surface coating residue, the foot is still able to 'breathe.'

You will quickly notice an improvement in your horse's hooves.
