External Analgesic

Uses

For the temporary relief of minor aches and pains of muscles and joints due to:

■ simple backache ■ arthritis ■ strains ■ bruises ■ sprains

Warnings

For external use only

Allergy alert: This product contains natural rubber latex which may cause allergic reactions.

Do not use ■ on irritated or damaged skin

■ on wounds

■ if you are allergic to any ingredient in this product

Ask a doctor or pharmacist before use if you have

■ any concerns about using this product

When using this product

■ avoid contact with the eyes or mucous membranes

■ do not bandage tightly

■ do not apply heat to the area in the form of heating pads, hot water bottles, or lamps (doing so increases the risk of serious burns)

■ avoid placing on extremely hairy areas of skin to avoid irritation upon removing the patch

Stop use and ask a doctor if

■ condition worsens

■ symptoms persist for more than 7 days

- symptoms clear up and occur again within a few days
- excessive irritation of the skin develops
- nausea, vomiting, abdominal discomfort, diarrhea, or skin rash occurs
- you feel actual pain or experience blistering or burning after application (it is normal to feel a warming or cooling sensation)
- when using for pain of arthritis:
 - pain persists for more than 10 days
 - redness is present
 - in conditions affecting children under 12 years of age

Report any unexpected side effects from the use of this product to the FDA MedWatch Program.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- adults and children 2 years of age and older: remove the protective film from the patch. Apply to affected area not more than 3 to 4 times daily.
- children under 2 years of age: consult your physician

Other information

- keep patches tightly closed in the zip-lock pouch
- store at 15° to 30° C (59° to 86° F) in a dry place away from sunlight
