

COLD-EEZE- zinc gluconate lozenge
Mylan Consumer Healthcare, Inc.

Disclaimer: This homeopathic product has not been evaluated by the Food and Drug Administration for safety or efficacy. FDA is not aware of scientific evidence to support homeopathy as effective.

Drug Facts

Active ingredient (per lozenge)

Zincum Gluconicum 2x (13.3 mg Zinc)

Purpose

Cold Remedy

Uses

- to reduce the duration of the common cold
- reduces the severity of cold symptoms: cough, sore throat, nasal congestion, post nasal drip and/or hoarseness

Warnings

Ask a doctor before use if you

- are taking minocycline, doxycycline, tetracycline or are on Coumadin therapy, zinc treatment may inhibit the absorption of these medicines

Stop use and ask your healthcare practitioner

if symptoms persist beyond 7 days.

Cold-EEZE[®] lozenges are formulated to reduce the duration of the common cold and its symptoms and is insufficient treatment for Influenza or Allergies.

Diabetic Warning: sugar replacements may affect blood sugar levels.

If pregnant or breastfeeding,

ask a healthcare practitioner before use.

Keep out of reach of children.

Directions

Adults and children 12 years and over:

- take Cold-EEZE[®] when you have cold symptoms
- completely dissolve a Cold-EEZE[®] lozenge in mouth (do not chew)
- repeat every 2-4 hours as needed until all symptoms subside
- recommended daily dosage is 6 lozenges for adults and 4 lozenges for ages 12-17

Children under 12 years of age should consult a healthcare practitioner prior to use

Other information

- do not take Cold-EEZE® lozenges on an empty stomach to avoid possible minor stomach upset
- do not eat or drink for 15 minutes after use
- store in a cool, dry place after opening; best if used within 6 months after opening
- gluten free
- product may produce a laxative effect

Inactive ingredients

Acesulfame-K, glycine, Isomalt, natural flavors. No artificial colors or preservatives.

Clinical Studies have shown: The unique Cold-EEZE® formula reduces the duration of the common cold by almost half.

The double blind placebo controlled studies were conducted at the Cleveland Clinic and Dartmouth College and published in peer reviewed journals.

Cold-EEZE® is safe to take with most other medications and is gluten free. (see warnings)

Does Not Cause Drowsiness

Does Not Cause Light Headedness

Does Not Affect Blood Pressure
