### **MILKHOUSE Monitor Conditioning Barrier Dip**

#### **DIRECTIONS FOR USE:**

- Use **Monitor** undiluted.
- Consult veterinarian before starting or continuing to use teat dip if cow's teats are sore or chapped.
- Store at room temperature.
- Protect from Freezing. If frozen, shake vigorously after thawing.
- Do not use **Monitor** for cleaning or sanitizing dairy equipment.
- Discard any **Monitor** solution that becomes dirty or contaminated for any reason.

#### **DIRECTIONS:**

##### **Post Dipping:**

1. Immediately after removing inflations, dip the entire teat with **Monitor** Conditioning Barrier Dip.
2. Allow teats to air dry enabling dip to remain on teats for a prolonged period of time.
3. If outside temperature is below freezing, allow **Monitor** to air dry on the cow's teat or blot dry with a paper towel before cow is released outside. Failure to follow these directions may result in frozen teats and injured animals.
4. Replace dip solution when visibly cloudy or dirty.

#### **FIRST-AID:**

**EYES:** If contact with eyes occurs, flush with plenty of cool water for 15 minutes. Consult a physician.

**INTERNAL:** May be harmful if swallowed. If ingested, drink large amounts of water. DO NOT induce vomiting. Get medical attention immediately.

## Monitor

### Conditioning Barrier Dip

#### NPE-Free SANITIZING TEAT DIP

This product, when properly used, is effective as an aid in reducing the spread of organisms which may cause mastitis.

#### ACTIVE INGREDIENT:

Iodine .....1.0%

Contains 10% Glycerin

**Specially formulated** for added protection and greater skin conditioning in muddy, wet

conditions or inclement weather.

**Forms a film on the teat** to prolong protection against mastitis-causing pathogens.

**Contains 10% Glycerin** to keep teats soft and help prevent chapping in harsh weather.

#### KEEP OUT OF THE REACH OF CHILDREN

See side panel for Precautionary Statements
