

SCRUB SOLUTION- povidone-iodine solution

Dukal Corporation

Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

Drug Facts

Active Ingredients

Povidone-Iodine, 7.5% (equivalent to 0.75% available iodine)

Purpose

Antiseptic

Use

For preparation of the skin prior to surgery

- helps to reduce bacteria that potentially can cause skin infection
- for handwashing to reduce bacteria on the skin • significantly reduces the number of microorganisms on the hands and forearms prior to surgery or patient care.

Warnings

For external use only. Do not use

- in the eyes.

Stop use and ask doctor

- if irritation and redness develop
- in rare instances of local irritation or sensitivity.

When using this product

- prolonged exposure to wet solution may cause irritation or, rarely, severe skin reactions
- in pre-operative prepping, avoid “pooling” beneath the patient.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

A. Surgical hand scrub:

- wet hands with water
- spread about 5 cc (1 teaspoonful) of Scrub over both hands and forearms
- without adding more water, scrub thoroughly for about five minutes
- use a brush if desired. Clean thoroughly under fingernails.
- add a little water and develop copious suds. Rinse thoroughly under running water.
- repeat the procedure using another 5 cc of Scrub.

B Patient pre-operative skin preparation:

- wet skin with water

- apply Scrub (1 cc is sufficient to cover an area of 20 - 30 square inches), develop lather and scrub thoroughly for about 5 minutes.
- Rinse off using a sterile gauze saturated with water.

Other Information

Protect from freezing. Avoid excessive heat.

Inactive Ingredient

Dimethyl Glutarate (and) Dimethyl Succinate (and) Dimethyl Adipate, Disodium Phosphate, Glycerin, Hydroxyethylcellulose, Water
