French Riviera Revisited

The original Orange Gelée® Sunscreen was a staple of American and European summers for more than seventy years. In 2019, much to the dismay of fans worldwide, the product was sadly discontinued. Four years later, Vacation Inc. commenced The Orange Gelée® Revival Project — a joint initiative between Vacation®, lifelong Orange Gelée® fans, and modern skincare experts to bring back a revived version of the beloved product by the following summer. Enclosed within is the realization of this project that all involved hope will be enjoyed for many decades to come.
