Stop use and ask a doctor if:

- Bleeding occurs
- Condition worsens or does not improve within seven days
- Signs of a local infection appear
- Certain person can develop allergic reactions to ingredients in this product. If the symptom being treated does not subside or if redness, irritation, swelling, pain, and or other symptoms develop or increase, **discontinue use and consult a doctor.**

If pregnant or breast-feeding, ask a health professional before use.

Keep out of the reach of children. If swallowed, get medical help or contact a poison Control Center right away 1 (800) 222-1222.

Children under 12 years: consult a doctor

Directions

Adults

- When practical, cleanse the affected area with mild soap and warm water
- Gently dry by patting or blotting with toilet tissue or a soft cloth before insertion of this product.

- Detach one suppository from the strip, remove the foil wrapper before inserting into the rectum as follows:
 - Hold suppository with rounded end up
 - Carefully separate foil tabs by inserting tip of fingernail at the end
 - Slowly and evenly peel apart (do not tear) foil by pulling tabs down both sides to expose the suppository
 - Remove exposed suppository from wrapper
 - Insert one suppository into the rectum up to 4 times daily, especially at night, in the morning or after each bowel movement

Other Information

- Store at 15-25°C (59-77°F)
- Protect from excessive moisture
- Keep away from direct sunlight
