

ZN7 DERM- zinc gluconate spray
Addison Biological Laboratory, Inc.

Disclaimer: This drug has not been found by FDA to be safe and effective, and this labeling has not been approved by FDA. For further information about unapproved drugs, click here.

Zn7®Derm

INDICATIONS: A protective topical aid in the management of various pet skin conditions. Zn7 Derm is a natural neutralized zinc topical that provides relief from itching and drying of raw skin conditions. Can be used in conjunction with standard antibiotic or steroid therapy.

DIRECTIONS: Thoroughly clean and dry affected skin, then spray site. Apply once or twice daily. Affected areas may be bandaged or exposed. Please consult your veterinarian for additional advice or clinical evaluation.

INGREDIENTS: Purified Water, Glycerin, Zinc Gluconate, L-Lysine, Taurine, Xanthan Gum, Methylparaben, Propylparaben.

PRECAUTIONS: If no improvement is observed within 7 days of treatment, consult your veterinarian.

Keep out of reach of children.
