### QUARTER MATE- iodine solution WestAgro, Inc.

-----

### QUARTER MATE

PRESEALER AND SEALANT

High concentration of free iodine, unique pH balanced formula containing glycerin plus cosmetic grade components for excellent skin conditioning. Contains food grade ingredients to eliminate waste.

### INSTRUCTIONS FOR USE

Use at full strength; do not dilute; please, consult your veterinarian before using teat cleansing solution on a cow with severe soreness, ulcer, sores, or dry, cracked skin on the teats. Clean thoroughly and disinfect by soaking the teats in a cup of Dip solution, before each milking, use fresh solution for each milking, the Dip solution should be changed if it looks dirty or if debris falls on it, do not empty the used solution inside from the original container.

Do not use QUARTER MATE solution to clean or disinfect the equipment.

PRESEAL

Make sure that the udders and teats are clean and dry, check the udders and the first milk from milking to verify that there is not mastitis.

Dip or spray the cow's teats with QUARTER MATE. Allow the substance to remain in contact for 30 to 60 seconds.

Dry the cow's teats with an individual paper tower before milking. Connect the milking equipment.

SEAL

Immediately after removing the milking equipment, rinse or spray the cow's teats with QUARTER MATE solution, do not blot.

If the outside temperature is below freezing, allow the QUARTER MATE solution to dry on the cow's teats with ambient air before the cow leaves the milking room, or allow the solution to remain in contact with the cow's teats for one minute. Then dry the nipples with an individual paper towel. Failure to follow the above instructions may cause frostbite to the nipples or injuries to the animals.

Colorant is added to the solution to be able to observe the product contact with the animal.

# KEEP OUT OF REACH OF CHILDREN

# ! CAUTION

CAUTION
