When using this product

When using this product

- use only as directed. Read and follow all directions and warnings on this carton
- rare cases of serious burns have been reported with products of this type
- do not bandage tightly or apply local heat (such as heating pads) or a medicated patch to the area of use
- avoid contact with eyes and mucous membranes
- do not apply to wounds or damaged, broken or irritated skin
- a transient burning sensation may occur upon application but generally disappears in several days
- if severe burning sensation occurs, discontinue use immediately
- do not expose the area treated with the product to heat or direct sunlight
- avoid applying into skin folds

Stop use and ask a doctor if

- condition worsens
- redness is present
- irritation develops

- symptoms persist for more than 7 days or clear up and occur again within a few days
- you experience signs of skin injury, such as pain, swelling, or blistering where the product was applied
-

Flammable ■ Keep away from fire or flame

If pregnant or breast-feeding,

ask a health professional before use.

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center (1-800-222-1222) right away.

Directions

Adults and children over 12 years: ■ apply a thin layer to affected area

■ massage into painful area until thoroughly absorbed into skin

■ repeat as necessary, but no more than 3 to 4 times daily

■ IF MEDICINE COMES IN CONTACT WITH HANDS, WASH WITH SOAP AND WATER

Children 12 years or younger: ■ ask a doctor
