Uses

Relieves cold and flu symptoms of

- headache
- body aches
- sore throat
- fever and chills
- congestion
- runny nose
- cough
- nausea
- vomiting
- diarrhea

Warnings

Stop and ask a doctor if

- fever persists for more than 3 days or exceeds 102 degrees
- if cough persists for more than one week, comes back after a few days, or is accompanied by fever, rash or persistent headache. Persistent cough or high fever may be a sign of a serious health condition.
- do not take this product for persistent chronic cough such as occurs with smoking, asthma, or emphysema, or if cough is accompanied by excessive phlegm (mucus) unless directed by a physician

If pregnant or breast-feeding, ask a health professional before use

Keep out of reach of children. In case of overdose, get medical help or contact a Poison Control Center right away.

Directions

- do not use if printed blister foil backing is torn or missing
- adults and children over the age of 12, chew one tablet and allow to dissolve in the mouth every 30 minutes until symptoms improve, then reduce to every 4 hours
- children 6-12 use one half the adult dosage
- not recommended for children under the age of 6

Other information

- for best results, take in a clean mouth
- store at room temperature (65-80°F)

Inactive ingredients

cellulose, croscarmellose sodium, dextrose, lactose, magnesium stearate
