

**G-XPECT PSE- dextromethorphan hydrobromide, guaifenesin, and pseudoephedrine hydrochloride liquid**  
**McLaren Medical**

*Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.*

-----

**G-Xpect PSE**

**Drug Facts**

<b>Active Ingredients (in each 5 mL, teaspoonful)</b>	<b>Purpose</b>
Guaifenesin 200 mg	Expectorant
Dextromethorphan HBr 10 mg	Cough Suppressant
Pseudoephedrine HCl 30 mg	Nasal Decongestant

**Indications**

- For the temporary relief of nasal congestion due to the common cold, hay fever or other upper respiratory allergies (allergic rhinitis).
- Helps loosen phlegm (mucus) and thin bronchial secretions to make coughs more productive.
- Temporarily controls cough due to minor throat and bronchial irritation as may occur with the common cold or inhaled irritants.
- Temporarily helps you cough less.

**Warnings**

- **Do not exceed recommended dosage.**  
If nervousness, dizziness or sleeplessness occurs, discontinue use and consult a doctor.
- If symptoms do not improve within 7 days or are accompanied by fever, consult a doctor.
- Do not take this product if you have heart disease, high blood pressure, thyroid disease, diabetes or difficulty in urination due to enlargement of the prostate gland unless directed by a doctor.
- Do not use if you are now taking a prescription monoamine oxidase inhibitor (MAOI) (certain drugs for depression, psychiatric or emotional conditions or Parkinson's disease), or for 2 weeks after stopping the MAOI drug. If you do not know if your prescription drug contains an MAOI, ask a doctor or pharmacist before taking this product.
- A persistent cough may be the sign of a serious condition. If cough persists for more than 1 week, tends to recur or is accompanied by a fever, rash or persistent headache, consult a doctor.
- Do not take this product for persistent or chronic cough such as occurs with smoking, asthma or emphysema or if cough is accompanied by excessive phlegm (mucus) unless directed by a doctor.
- **If pregnant or breast-feeding, ask a health professional before use.**
- **In case of accidental overdose, seek professional assistance or contact a Poison Control Center immediately.**
- **Keep this and all drugs out of the reach of children.**

**Directions**

Do not take more than 6 doses in any 24-hour period.

Adults and children 12 years of age and over	2 teaspoonfuls (10 mL) every 4 hours
Children 6 to under 12 years of age	1 teaspoonful (5 mL) every 4 hours
Children under 6 years of age	Consult a doctor

**Inactive Ingredients**

Citric Acid, Grape Flavor, Propylene Glycol, Purified Water, Saccharine Sodium, Sodium Benzoate, Sorbitol, Sucralose.

**Other Information**

Store at 20°-25°C (68°-77°F)

Tamper evident by seal under cap. Do not use if the seal is broken or missing.
