

EQUINE ONE HOOF DRESSING- omega-3 fatty acids, betula pubescens bark, betulin ointment
Mineral Medix Solutions Inc.

Disclaimer: This drug has not been found by FDA to be safe and effective, and this labeling has not been approved by FDA. For further information about unapproved drugs, click here.

Active Ingredient

Omega-3 Fatty Acid, Betula Pubescens Bark, Betulin

Purpose

Topical hoof oil to help with most common hoof related issues

Use

- Aids in hoof elasticity and flexibility
- Provides shinier, healthier looking hooves
- Moisturizes hard, dry, brittle, and cracking hooves

Non-caustic formulation.

Contains no harmful or petroleum-based products.

Suitable for all hoof types in all weather conditions.

Warnings

FOR HOOF USE ONLY

Keep out of reach of children and pets.

Avoid contact with eyes.

In case of contact, immediately flush eye with plenty of water.

Avoid excessive inhalation.

The product has a specific smoky scent.

Do not freeze (store at min. 34°F / 1°C).

Not for human use or consumption.

In all cases involving hoof conditions, diseases, or injuries, your veterinarian along with your farrier are your best sources for information about your horse & their particular circumstances.

Application

SHAKE WELL BEFORE USE

Ensure the hoof is clean and dry.

Apply generously to the hoof wall, sole, coronet band, and frog.

In severe conditions, apply twice a day for at least a week.
To maintain healthy hooves, apply three times a week.
