Day Shield Broad Spectrum SPF 25

Drug Facts

Active Ingredients

Octinoxate 5%

Avobenzone 3%

Octocrylene 8%

Purpose

Sunscreen

Uses

- Helps prevent sunburn
- If used as directed with other sun protection measures (see directions) decreases the risk of skin cancer and early skin aging caused by the sun

Warnings

For External use only

Do not use on damaged or broken skin

Stop use and ask a doctor if rash occurs

When using this product keep out of eyes. Rinse with water to remove.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- Apply in the morning over intensive serum as a moisturizing sunscreen. Smooth over face and neck, massaging in upward, outward, circular motions.
- Apply at least 15 minutes before sun exposure.
- Reapply every 2 hours if skin is being exposed to the sun.
- **Sun Protection Measures.** Spending time in the sun increases your risk of skin cancer and early signs of skin aging. To decrease this risk, regularly use a sunscreen with a broad spectrum SPF of 15 or higher and other sun protection measures including:
 - Limit time in the sun, especially from 10 am to 2 pm
 - Wear long sleeved shirts, pants, hats, and sunglasses
- **Children under 6 months:** Ask a doctor

Inactive ingredients

Water, Cetearyl Alcohol, Isopropyl Palmitate, Ceteareth-20, Keratin, Hydrolyzed keratin, Glycerin, Sucrose Polybehenate, Gluconolactone, Sodium benzoate, Potassium sorbate, fragrance

The Technology

Replicine Functional Keratin Technology is built upon a foundation of 15 years of international clinical studies and research, extensive medical publications and protected by over 170 patents across the world. This medical innovation provides new hope to many who suffer from painful wounds, long term medical conditions and severe skin disorders. The scientific basis for this revolution in wound care has provided new insight into the role of keratin in repairing skin damage, wrinkle repair, and reversing the skin aging process.

Working in concert with the biological systems of the skin to stimulate cell growth, Replicine brand Functional Keratin technology encourages expression of collagen proteins at the right level in the skin to achieve wrinkle reduction and boost the skin's own antioxidant defence systems. Replicine is unique in its ability to work with the skin's own cells due to the intact nature of the keratin proteins and the high degree of similarity with the skin's own keratin protein.

KERAS DAY SHIELD BROAD SPECTRUM SPF 25

octinoxate, avobenzone, and octocrylene lotion

Product Information

Product Type	HUMAN OTC DRUG	Item Code (Source)	NDC:24854-400
