RVLAIM SILICONE SCAR CREAM

RVLAIM SILICONE SCAR CREAM

Allantoin 0.5%

Emollient Scar Removal

This product can be used day and night, and the scar should be kept clean and dry before use.

Squeeze out the appropriate amount according to the size of the scar and massage gently until the scar cream is absorbed and does not feel shiny, wet, or sticky.

Use 2-3 times a day, increasing or decreasing the frequency depending on the condition of the scar. Individual results will be different, and the results will take time to verify.

For external use only, avoid contact with the eyes if symptoms of redness or allergy occur, discontinue use and consult a physician.

if you are using other medications or treatments especially those for skin problems. If you have a history of allergies, especially to ingredients in medications, cosmetics or any other products.

If you are pregnant, breastfeeding, a child or an elderly person, or if you have any chronic health problems.

After consulting a doctor, they can provide you with professional advice on the use of this product based on your specific situation and needs.

Preparation:

Make sure the scar area is clean and dry. Wash your hands before use to ensure that your hands are clean.

How to use:

Gently squeeze out an appropriate amount of scar cream to avoid overdose. Apply the scar cream evenly on the scar area. Massage for a while to help the product absorb better.

Frequency of use:

Use [2-3 times a day] according to the product instructions or doctor's advice. It is recommended to apply the scar cream after it is completely absorbed before the next application.

Precautions:

For external use only, do not take internally. Avoid contact with eyes and mucous membranes. If allergic symptoms such as skin irritation, redness, swelling, etc. occur, please stop using it immediately and consult a doctor. Pregnant women, breastfeeding women and children please consult a doctor before use.

Use in special circumstances:

Do not use this product on open wounds or broken skin. Hard scars are difficult to treat, so it is recommended to consult a doctor before use.

Storage:

Store in a cool and dry place, avoid direct sunlight. Keep this product out of the reach of children.

Important tips:

Before using this product, please read the product instructions carefully and follow the advice of your doctor or professional.

if symptoms of redness or allergy occur, discontinue use and consult a physician.

KEEP OUT OF REACH OF CHILDREN SECTION
