

ACNE BACK CHEST TREATMENT- salicylic acid aerosol, spray
GLYTONE LLC

Glytone Acne Back & Chest Treatment Spray

Drug Facts

Active Ingredients

Salicylic Acid 2%

Purpose

Acne Treatment

Use

For the treatment of acne.

- Dries and clears acne blemishes and allows skin to heal.
- Penetrates pores to eliminate most acne blemishes, blackheads and whiteheads.
- Helps prevent the development of new acne blemishes, blackheads and whiteheads.

Warnings

For external use only.

Directions

- Spray directly onto cleansed affected areas of the back, shoulders and chest by holding 3 to 6 inches away from the skin one to three times daily.
- Pump works upside down for optimal application.
- Let dry prior to putting on clothes.
- Because excessive drying of the skin may occur, start with one application daily, then gradually increase to two to three times daily if needed or as directed by a doctor.
- If bothersome dryness or peeling occurs, reduce application to once a day or every other day.

Flammable

Keep away from fire or flame.

When using this product

- skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. If irritation occurs, only use one topical acne medication at a time.
- avoid contact with eyes. If eye contact occurs, rinse thoroughly with water.

- spray in a well ventilated area. Do not inhale.

Keep out of reach of children.

If swallowed get medical help or contact a Poison Control Center right away.
