

LIVFRESH GUM PROTECT- stannous fluoride gel, dentifrice
Livionex Inc.

Drug Facts

Active ingredient

Stannous fluoride 0.454% (0.15% w/v fluoride ion)

Purposes

Anticavity, Antigingivitis

Uses

- aids in the prevention of cavities
- helps prevent gingivitis and control bleeding gums
- helps interfere with harmful effects of plaque associated with gingivitis

Warnings

Stop use and consult a dentist if

- gingivitis, bleeding, or redness persists for more than 2 weeks. You have painful or swollen gums, pus from the gum line, loose teeth, or increasing spacing between teeth. These may be signs of periodontitis, a serious form of gum disease.

Keep out of reach of children

younger than 12 years old. If more than used for brushing is accidentally swallowed, get medical help or contact a Poison Control Center right away.

Directions

Adults and children 12 years of age or older:

- brush twice a day or as directed by a dentist
- wet brush; apply a pea size amount to brush
- do not wet brush after applying gel
- brush thoroughly
- spit and rinse
- do not swallow
- children under 12 yrs: consult a dentist

Other information

- products containing stannous fluoride may produce surface staining of the teeth

- adequate brushing may prevent these stains which are not harmful or permanent and may be removed by your dentist
- this product is specially formulated to prevent staining
- see your dentist regularly

Inactive ingredients

Aqua, Sulfonylbismethane, Edathamil, Propylene Glycol, Peppermint, Sodium Cocoyl Isethionate, Carrageenan Gum, Stevia, Menthyl Lactate, Xanthan Gum, Menthol, Sodium Hydroxide, Brilliant Blue FCF
