Disclaimer: This drug has not been found by FDA to be safe and effective, and this labeling has not been approved by FDA. For further information about unapproved drugs, click here.

KEEP OUT OF REACH OF CHILDREN
NOT FOR HUMAN USE

Attention

For External Use Only

Wash hands thoroughly after handling.

Get medical advice/ attention if you feel unwell

DIRECTIONS:

IMPORTANT: Do not further dilute with water or mix with any other teat dips/sprays. If product becomes visibly dirty, discard contents and replenish with fresh product. Do not reuse or return any unused product to the original container.

Pre-Milking/Prepping: Using proper cleaning procedures, wash teats with appropriate udder wash solution or spray each teat prior to milking. Teats should then be dried with single-service towels.

Post-Milk Spraying: Using fresh IO Shield Spray, spray the full-length of each teat. Do not wipe. Allow to air dry. Do not turn cows out in freezing weather until the product is completely dry.

Expanded Usage: When freshening cows, begin spraying teats twice daily for about 10 days before calving.

PRECAUTION: IO Shield Spray is not intended to cure or help the healing of chapped or irritated teats. As with any germicide, irritation or sensitization may occur in sensitive animals. In case of teat irritation or chapping, have the condition examined and, if necessary, treated by a veterinarian.

Consult your Ecolab representative for specific use instructions and recommended dispensing equipment.

Read other label for directions for use, first aid and precautionary statements

Barrera protectora para ubres

• Ayuda a evitar la proliferación de organismos que pueden causar mastitis

PARA USO INDUSTRIAL SOLAMENTE

INSTRUCCIONES:

IMPORTANTE: No lo vuelva a diluir con agua ni lo mezcle con otros productos para baño de pezones. Si el producto del recipiente para realizar el baño está visiblemente sucio, deseche el contenido y rellene el recipiente con producto fresco. No vuelva a utilizar el producto ni vuelva a colocar producto sin usar en el contenedor original.

Pre-ordeño/Preparación: Utilice procedimientos de limpieza apropiados, lave las ubres con una solución de lavado de la ubre o rocíe cada ubre antes de ordeñarlas. A continuación, las ubres deben secarse con toallas desechables.

Rociado del pezón posterior al ordeño: Utilice IO Shield Spray fresco, rocíe el largo total de cada ubre. No limpie. Permita el secado por el aire. No se lo retire a las vacas en un clima de congelamiento hasta que el producto esté completamente seco.

Uso ampliado: Cuando las vacas se encuentren en lactancia, comience a rociar las ubres dos veces al día durante unos 10 días antes de dar a luz.

PRECAUCIÓN: IO Shield Spray no está pensado para curar ni ayudar a sanar los pezones agrietados o irritados. Como cualquier germicida, el producto puede causar irritación o sensibilización en los animales sensibles. Si los pezones están agrietados o irritados, encargue a un veterinario que examine la condición y la trate si es necesario.

Consulte con su representante de Ecolab para obtener instrucciones específicas sobre el uso y el equipo dispensador recomendado.

MANTÉNGASE FUERA DEL ALCANCE DE LOS NIÑOS

NO ES PARA USO HUMANO

Atención

Solo de uso externo

Lavarse las manos cuidadosamente después de la manipulación.

Consultar a un médico si la persona se encuentra mal.

LEA LA FICHA DE DATOS DE SEGURIDAD ANTES DE USAR EL PRODUCTO
