

## **EYE WASH- water solution**

### **Rite Aid Corporation**

*Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.*

-----

### ***Drug Facts***

#### ***Active ingredient***

Purified water (99.05%)

#### ***Purpose***

Eyewash

#### ***Uses***

washes the eye to help relieve

- irritation
- stinging
- discomfort
- itching

by removing

- loose foreign material
- air pollutants (smog or pollen)
- chlorinated water

#### ***Warnings***

##### **Do not use**

- if you have open wounds in or near the eyes, and get medical help right away
- if solution changes color or becomes cloudy

##### **When using this product**

- remove contact lenses before using
- do not touch tip of container to any surface to avoid contamination
- replace cap after use

##### **Stop use and ask a doctor if**

- you experience eye pain, changes in vision, continued redness or irritation of the eye
- condition worsens or persists

**Keep out of reach of children.**

If swallowed, get medical help or contact a Poison Control Center right away.

### ***Directions***

For use with nozzle applicator

- flush the affected eye(s) as needed
- control the rate of flow of solution by pressure on the bottle

### **When using an eye cup**

- rinse the cup with clean water immediately before each use
- avoid contamination of the rim and inside surfaces of the cup
- fill the cup half full with Eye Wash Solution and apply the cup to the affected eye(s), pressing tightly to prevent spillage
- tilt the head backward. Open eyelids wide and rotate eyeball to thoroughly wash the eye
- rinse cup with clean water after each use
- replace cap after use

### ***Other information***

- store at 15°-25°C (59°-77°F)
- keep tightly closed
- use before expiration date marked on the carton or bottle
- serious side effects associated with use of the product may be reported to the phone number provided below

### ***Inactive ingredients***

boric acid, sodium borate and sodium chloride. Hydrochloric acid and/or sodium hydroxide may be used to adjust pH. PRESERVATIVE ADDED: edetate disodium 0.025% and sorbic acid 0.1%
