Warnings

Do not exceed recommended dosage

Methemoglobinemia warning: Use of this product may cause methemoglobinemia, a serious condition that must be treated promptly because it reduces the amount of oxygen carried in the blood. This can occur even if you have used this product before. Stop use and seek immediate medical attention if you or a child in your care develops:

- pale, gray, or blue colored skin (cyanosis)
- headache
- rapid heart rate
- shortness of breath
- dizziness or lightheadedness
- fatigue or lack of energy

Allergy alert

- do not use this product if you have a history of allergy to local anesthetics such as procaine, butacaine, benzocaine, or other "caine" anesthetics.

Do not use:

- for more than 7 days unless directed by a dentist or doctor.
- For teething
- in children under 2 years of age

Keep out of reach of children. In case of overdose, get medical help or contact a Poison Control Center right away. If pregnant or breastfeeding, ask a health professional before use.

Directions

•adults and children over 12 years of age apply to the affected area. Gargle, swish around the mouth or allow to remain in place at least 1 minute and then spit out. Use up to 4 times daily or as directed by a dentist or doctor. •children under 12 years of age should be supervised in the use of the product • Children under 2 years of age: Consult a dentist or doctor

Inactive Ingredients:

polyethylene glycol

Questions or comments?

787-781-3352
