Warnings

For external use only

When using this product

skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time.

If irritation occurs, only use one topical acne medication at a time.

Keep out of the reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

Clean the skin thoroughly before applying this product.

- cover the entire affected area with a thin layer one to three times daily.
- because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor.
- if both some dryness or peeling occurs, reduce application to once a day or every other day.

Sensitivity Test for a New User. Apply product sparingly to one or two small affected areas during the first 3 days. If no discomfort occurs, follow the directions stated above.
