

NEKVNRO SCAR REMOVAL SHEETS- scar removal sheets patch

Shenzhen Xingqi Technology Co., Ltd.

ACTIVE INGREDIENT

DIMETHICONE 5%

PURPOSE

SCAR REMOVAL

uses

1. Clean and dry scar area.
 2. Cut sheet according to the size and shape of the scar.
 3. Peel off liner from adhesive side of sheet.
 4. Apply adhesive side of sheet directly on scar.
- Apply 4 hours a day for the first two days, 8 hours a day for the next two days, and then increase by 2 hours a day
- Until you can apply 24 hours a day each scar sheet can be used repeatedly and when another new scar patch becomes difficult to clean or paste replace another new scar sheet.

Warning

Use this product once scar or wound has been healing for at least 7 days. You may start using immediately on older scars. For old scars, the product can be used immediately.

Must not be used for not completely healed or infected- wounds and damaged or acne skin.

If it's affixed to unclean skin or too tightly, it may cause rashes. At this time, it should be reduced to stick and stick for less time.

Dosage and administration

For external use only.

Do not use

Discontinue use if any irritation or adverse reaction occurs
