

QUALITY CHOICE EYE WASH- water solution/ drops
Chain Drug Marketing Assoc., Inc.

Quality Choice Eye Wash (PLD)

Active ingredient

Purified water (99.05%)

Purpose

Eyewash

Uses

washes the eye to help relieve

- irritation
- discomfort
- burning
- stinging
- itching

by removing

- loose foreign material
- air pollutants (smog or pollen)
- chlorinated water

Warnings

For external use only

Do not use

- if you have open wounds in or near the eyes, and get medical help right away
- if solution changes color or becomes cloudy

When using this product

- remove contact lenses before using
- do not touch tip of container to any surface to avoid contamination
- replace cap after use

Stop use and ask a doctor if

- you experience eye pain, changes in vision, continued redness or irritation of the eye
- condition worsens or persists

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

For use with nozzle applicator.

- flush the affected eye(s) as needed
- control the rate of flow of solution by pressure on the bottle
- do not touch dropper tip to eye

When using an eye cup

- rinse the cup with Eye Wash immediately before each use
- avoid contamination of the rim and inside surfaces of the cup
- fill the cup half full with Eye Wash Solution and apply the cup to the affected eye(s), pressing tightly to prevent spillage
- tilt the head backward. Open eyelids wide and rotate eyeball to thoroughly wash the eye
- rinse cup with clean water after each use
- replace cap after use

Other information

- store at 15°-25°C (59°-77°F)
- keep tightly closed
- does not contain thimerosal
- enclosed eyecup is sterile if packaging is intact
- use before expiration date marked on the carton or bottle

Inactive ingredients

boric acid, sodium borate and sodium chloride. PRESERVATIVE ADDED: benzalkonium chloride (0.01%)
