ASK INKEY

IS THERE A RIGHT WAY TO CLEANSE?

Follow INKEY'S 3 tips for a perfect cleanse

1. TEXTURE

Oily skin types may be better suited to lighter more gel-based cleansers.

E.G. SALICYLIC ACID CLEANSER

Dryer skin types may be better suited to more balm or cream based cleansers.

E.G. OAT CLEANSING BALM

2. TEMPERATURE

Not too hot! Cleansing with hot water can strip skin of its natural oils. Try to avoid cleansing in the shower or bath and stick to lukewarm temperatures.

3. FREQUENCY

Twice a day is just right. Using AM and PM removes makeup and dirt we gather throughout the day and night. Try not to over cleanse.
