THIS PACKAGE CONTAINS

- One 60 g (2.11 oz) can of Minoxidil Topical Aerosol, 5% (Foam) (two month supply)

DIRECTIONS FOR USE

See information leaflet with complete directions on how to use and obtain best results.

1: PREP HANDS WITH COLD WATER
 Rinse your fingers in cold water and dry them. Note: foam will melt on contact with warm surfaces.

2: OPEN CHILD RESISTANT CAP
 Be sure to align arrow on the cap with arrow on white ring. Till cap back and pull off.

3: DISPENSE VERTICALLY ONTO A COLD SURFACE
 Hold the can straight upside down. If you hold the can at an angle, foam may not dispense properly. Press nozzle to dispense half a capful of foam onto a cold surface (e.g. dish, or cold hands).

4: APPLY TO SCALP, NOT HAIR
 Part your hair to expose hair loss area. Massage foam into scalp, not hair. Repeat until all hair loss areas have been covered.

5: CLOSE CAP AND WASH HANDS
 Snap cap back into place. Be sure arrows do not line up, so cap remains child resistant. Wash hands and any surface thoroughly after use.

Minoxidil Topical Aerosol, 5% is for women who have a general thinning of hair on the top of the scalp (as shown below) and has been shown to regrow hair in women with the following degrees of thinning hair or hair loss.

If women have more hair loss than shown above, Minoxidil Topical Aerosol, 5% (for Women) may not work.
