use to regrow hair of scalp and beard

5% Minoxidil Topical Spray is a hair regrowth treatment. The active ingredient works by increasing blood flow to the scalp and revitalizing hair follicles, leading to thicker, fuller hair over time.

Directions

See information booklet with complete directions on how to use and obtain best results.

1. Rinse your fingers in cold water and dry them.
2. Open the cap and rotate the spray head upward to the appropriate position.
3. Part your hair to expose the hair loss area, aim the spray at the area, and press.
4. Massage spray into scalp, not hair. Repeat until all hair loss areas have been covered.
5. Rotate the spray head back, put the cap on, and then wash your hands.
