

**SALICYLIC ACID- corn and callus remover liquid**  
**Geiss, Destin & Dunn, Inc.**

-----  
**Good Sense Liquid Corn And Callus Remover**

***Active ingredient***

Salicylic acid 17% w/w

***Purpose***

Corn and callus remover

***Uses***

- for the removal of corns and calluses
- relieves pain by removing corns and calluses

***Warnings***

**For external use only.**

**Flammable**

- keep away from fire or flame
- **cap bottle tightly** and store at room temperature away heat

**Do not use**

- on irritated skin
- on any area that is infected or reddened
- if you are a diabetic, or if you have poor blood circulation, except under the advice and supervision of a doctor or podiatrist

**When using this product**

- avoid contact with eyes
- avoid inhaling vapors
- if product gets into the eye, flush with water for 15 minutes

**Stop and ask a doctor if**

discomfort persists, see your doctor or podiatrist

**Keep out of reach of children.**

If swallowed, get medical help or contact a Poison Control Center right away.

***Directions***

- wash the affected area and dry thoroughly

- apply one drop at a time with applicator to sufficiently cover each corn/callus; let dry
- use cushion with hole centered over corn or callus to relieve pressure (additional cushions may be purchased separately)
- repeat this procedure once or twice daily as needed for up to 14 days (until corn/callus is removed)
- may soak corn/callus in warm water for 5 minutes to assist in removal

***Other information***

- store between 20° to 25°C (68°F - 77°F)
- close tightly to prevent solidification
- store in a cool place

***Inactive ingredients***

camphor, castor oil, ethanol, ethyl ether, nitrocellulose
