**SALICYLIC ACID ACNE TREATMENT- salicylic acid cream**  
**THG Beauty USA LLC**

-----  
Salicylic Acid 0.5%

Acne Treatment

■ For the treatment of acne

- For external use only

When Using This Product skin irritation and dryness are more likely to occur if you use another topical acne medication at the same time.

■ If irritation occurs, only use one topical acne medication at a time

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions ■ Shake well. Apply a thin, even layer to skin in the morning. For best results, use after cleansing with ACNE RELIEF Gentle & Soothing Cleanser.

■ Clean the skin thoroughly before applying this product. ■ Cover the entire affected area with a thin layer one to three times daily.

■ Because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor.

■ If bothersome dryness or peeling occurs, reduce application to once a day or every other day.

■ Sensitivity Test for a New User Apply product sparingly to one or two small affected areas during the first 3 days.

If no discomfort occurs, follow the directions sta

DAY

Perricone MD

## ACNE RELIEF Calming Treatment & Hydrator

Salicylic Acid  
Acne Treatment

90 DAY SUPPLY

Lactic & Succinic Acids,  
Citrulline, Squalane

e 59 mL / 2 fl oz

Perricone MD **ACNE RELIEF** Prebiotic Acne Therapy is a simple, comprehensive system that works with your surface skin's natural microbiome to safely, gently & effectively treat & prevent the most troublesome acne, while restoring & maintaining a healthy skin balance, for clearer, blemish-free skin. This powerful 2-step regimen is clinically proven to be non-irritating & will not strip or over-dry skin.

The Calming Treatment & Hydrator is Step 2 in your day or morning regimen, after cleansing. The lightweight lotion glides onto skin to gently kill acne-causing bacteria, while nourishing with essential hydration. Lactic & succinic acids support a healthy surface skin microbiome for a clearer, more radiant complexion, while citrulline & squalane fight irritation, nourish, hydrate, soothe & visibly reduce redness.

#### KEY INGREDIENTS

**Lactic & Succinic Acids: Attack Acne-Causing Bacteria** These short-chain fatty acids help quickly shrink blemishes by working alongside salicylic acid to attack acne-causing bacteria for a healthier skin microbiome. They also provide gentle yet effective exfoliation for smoother, more even-looking skin.

**Citrulline: Fight Irritation & Visibly Reduce Redness** First discovered in watermelon, this alpha-amino acid visibly calms skin for a clearer, more even-looking complexion. Nourishing & soothing, it is an ideal way to counteract the irritating effects of anti-acne ingredients.

**Squalane: Hydrate & Nourish** Found naturally in the human body & derived from olive oil, squalane hydrates without making skin look or feel greasy. This lightweight hydration is ideal for oil & acne-prone skin as it helps maintain optimal hydration without clogging pores or causing blemishes.

#### Drug Facts

| Active Ingredient   | Purpose        |
|---------------------|----------------|
| Salicylic Acid 0.5% | Acne Treatment |

#### Use

- For the treatment of acne.

#### Warnings

- For external use only.**
- When Using This Product** skin irritation and dryness are more likely to occur if you use another topical acne medication at the same time.
- If irritation occurs, only use one topical acne medication at a time.
- Keep out of reach of children.** If swallowed, get medical help or contact a Poison Control Center right away.

#### Directions

- Shake well. Apply a thin, even layer to skin in the morning. For best results, use after cleansing with **ACNE RELIEF Gentle & Soothing Cleanser**.
- Clean the skin thoroughly before applying this product.
- Cover the entire affected area with a thin layer one to three times daily.
- Because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor.
- If bothersome dryness or peeling occurs, reduce application to once a day or every other day.
- Sensitivity Test for a New User:** Apply product sparingly to one or two small affected areas during the first 3 days. If no discomfort occurs, follow the directions stated above.
