If skin becomes red or irritated, discontinue use immediately and wash with water.

keep out of eyes. Rinse with water to remove.

Use the Night Resurfacing Cream to refresh your skin as if you had a good night's sleep during the golden hour between 1pm and 2am. The creamy, moisturizing texture cares for and refines the skin, leaving it nourished and smooth for beautiful skin.

For external use only.

USAGE:

As the last step of your nightly skincare routine, apply an appropriate amount to a clean face. Take an appropriate amount of Cream on your ring finger and gently press it into the skin, spreading it evenly over your clean face, applying it in gentle circular motions along the skin's texture and gently lifting and massaging it into the skin to help the skin absorb it completely.

Keep away from light and in a dry place.
