

**DAYTIME SEVERE COLD AND FLU- acetaminophen, dextromethorphan
hbr suspension
Genexa Inc.**

Daytime Severe Cold and Flu

DO NOT use if seal under the cap is disturbed or missing.

Drug Facts

Active ingredients

(in each 20 mL)

Acetaminophen 650 mg

Dextromethorphan HBr 20 mg

Purposes

Pain reliever/fever reducer

Cough suppressant

Uses

- temporarily reduces fever and relieves these common cold/flu symptoms:
- minor aches and pains
- headache
- cough due to minor throat and bronchial irritation

- controls the impulse to cough to help you get to sleep

SHAKE WELL before each use.

Distributed by: Genexa Inc., Atlanta, GA 30324 |

genexa.com | U.S. Patent No. 11,617,795

Made in the USA with globally sourced ingredients

NDC 69676-0093-9

Warnings

Liver warning: This product contains acetaminophen. Severe liver damage may occur if you take

- more than 4 doses in 24 hours, which is the maximum daily amount for this product
- with other drugs containing acetaminophen
- 3 or more alcoholic drinks every day while using this product

Allergy alert: Acetaminophen may cause severe skin reactions. Symptoms may include:

- skin reddening
- blisters
- rash

If a skin reaction occurs, stop use and seek medical help right away

Sore throat warning: If sore throat is severe, persists for more than 2 days, is accompanied or followed by fever, headache, rash, nausea, or vomiting, consult a doctor promptly.

Do not use

- with any other drug containing acetaminophen (prescription or nonprescription). If you are not sure whether a drug contains acetaminophen, ask a doctor or pharmacist
- if you are now taking a prescription monoamine oxidase inhibitor (MAOI) (certain drugs for depression, psychiatric or emotional conditions, or Parkinson's disease), or for 2 weeks after stopping the MAOI drug. If you do not know if your prescription drug contains an MAOI, ask a doctor or pharmacist before taking this product.

Ask a doctor before use if you have

- liver disease
- cough that occurs with too much phlegm (mucus)
- persistent or chronic cough such as occurs with smoking, asthma, or emphysema

Ask a doctor or pharmacist before use if you are taking the blood thinning drug warfarin

When using this product, do not use more than directed.

Stop use and ask a doctor if

- pain, or cough gets worse or lasts more than 7 days
- fever gets worse or lasts more than 3 days
- redness or swelling is present
- new symptoms occur
- cough comes back or occurs with rash or headache that lasts

These could be signs of a serious condition.

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children.

In case of overdose, get medical help or contact a Poison Control Center right away (1-800-222-1222). Prompt medical attention is critical for adults as well as for children even if you do not notice any signs or symptoms.

People Over Everything.

We think you should feel good about what makes you feel better. That's why we make medicine with the same active ingredients you need, but without the artificial ones you don't. It's what people deserve.
