**HOW TO USE**

1.Clean skin: Make sure your skin is clean before using body deodorant, preferably after showering. Cleanse your body thoroughly,especially underarms and other areas prone to sweating, to ensure the deodorant works effectively.

2.Dry skin: Make sure your skin is completely dry beforeusing body deodorant. Wet skin affects the absorption and effectiveness of deodorant.

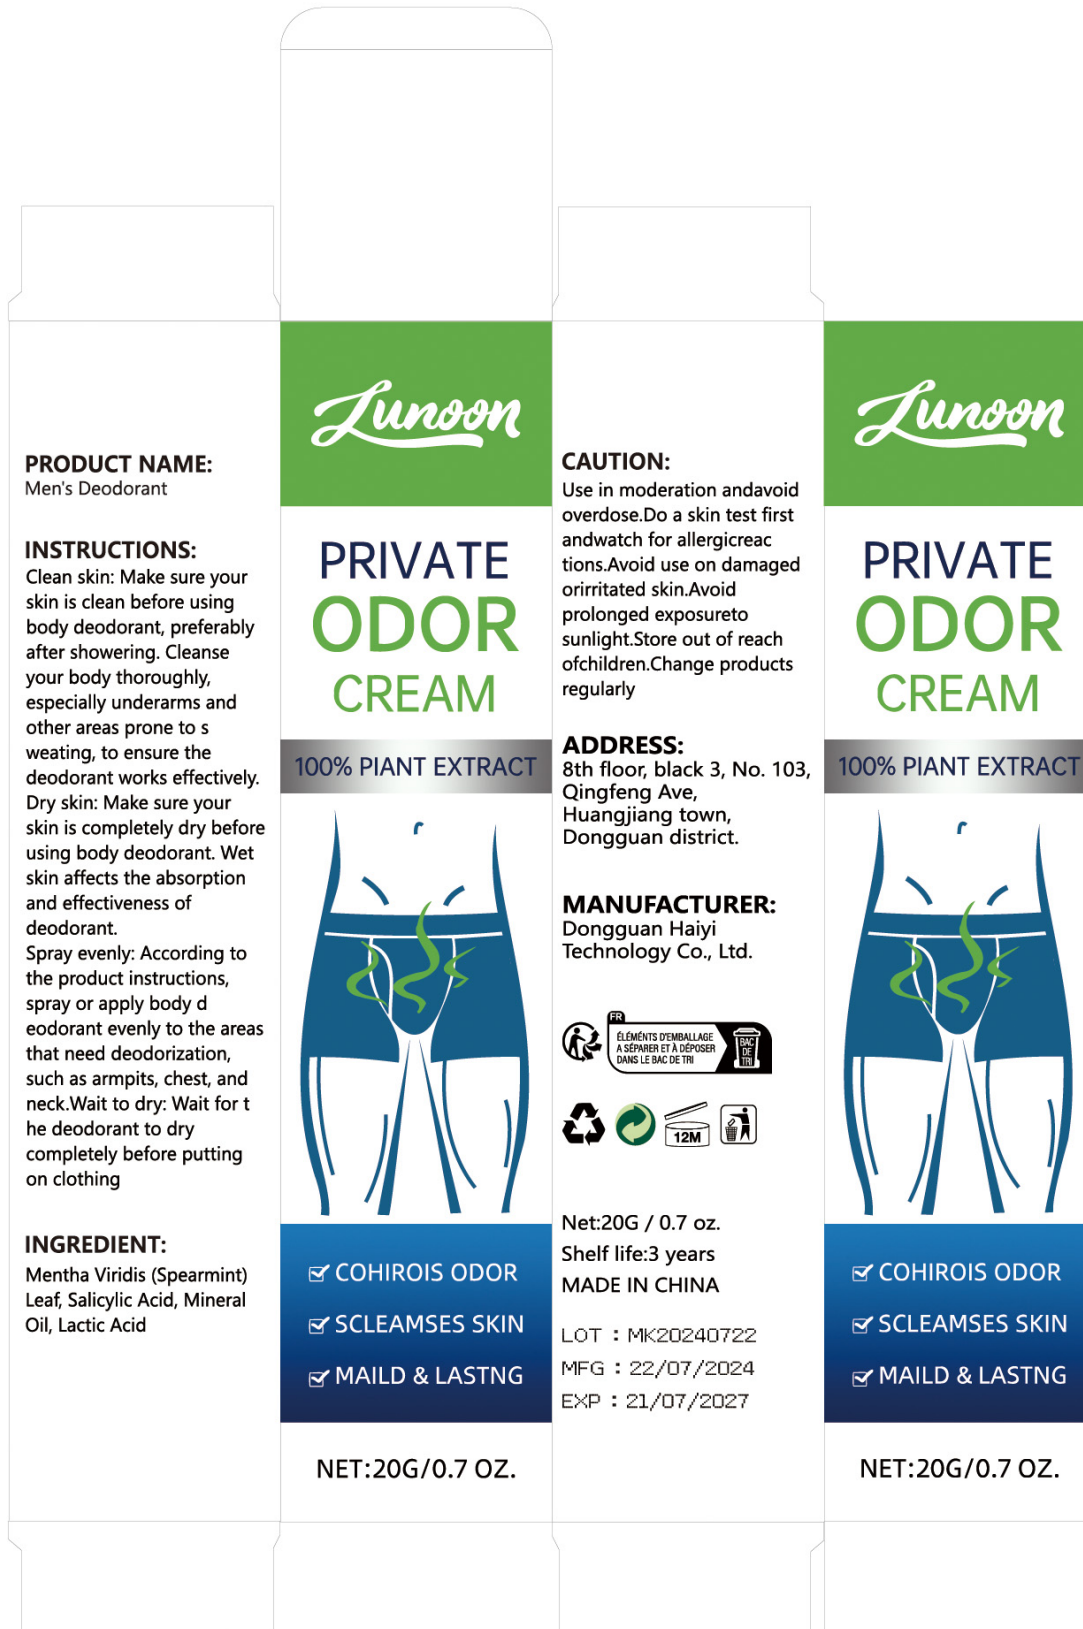

3.Spray evenly: According to the product instructions,spray or apply body deodorant

evenly to the areas that need deodorization, such as armpits, chest, and neck.

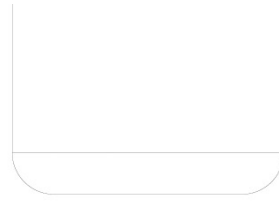

4. Wait to dry: Wait for the deodorant to dry completely before putting on clothing

## Dosage

It is recommended to use it once before going out

# H115\*L26\*D26MM
