- skin irritation may occur, characterized by redness, burning, itching, peeling, or possibly swelling. Irritation may be reduced by using the product less frequently or in a lower concentration.

Do not use if you

- have very sensitive skin.
- are sensitive to benzoyl peroxide.

Stop using and ask a doctor

is irritation becomes severe.

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

If pregnant or breastfeeding,

ask a health professional before use.

Directions:

- clean the skin thoroughly before applying this product.
- cover the entire affected area with a thin layer one to three times daily
- because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor
- if bothersome dryness or peeling occurs, reduce application to once a day or every other day
- if going outside, apply sun sunscreen after using this product. If irritation or sensitivity develops, stop use of both products and ask a doctor.

Other information:
