THG Beauty USA LLC

Salicylic Acid

Acne Treatment

For the treatment of acne

For external use only.

When using this product

- Skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. If irritation occurs, only use one topical acne medication at a time.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Centre right away

■ Clean the skin thoroughly before applying this product.

■ Cover the entire affected area with a thin layer two to three times weekly. Leave on for 10-15 minutes. Rinse with warm water.

■ Because excessive drying of the skin may occur, start with one application weekly, then gradually increase to two or three times weekly if needed or as directed by a doctor.

■ If bothersome dryness or peeling occurs, reduce application frequency.
