Face Finishing &
Firming Moisturizer**

Broad Spectrum SPF 30

DMAE, Vitamin E,
Mineral-Based Sunscreen

e 59 mL / 2 US fl. oz.

Formulated with mineral-based sun protection to fight against environmental aggressors, this silky, lightweight moisturizer instantly hydrates while visibly smoothing & firming. Leaves skin looking healthy & radiant.

KEY INGREDIENTS

DMAE: Intensive Firming Naturally produced by the human brain, topical application of DMAE helps visibly tighten sagging skin over time. Easily & quickly absorbed, it helps visibly plump skin to support skin's surface & protect against drying environmental aggressors.

Vitamin E: Super Skin Nourishment A hydrating antioxidant found in almonds & avocados helps visibly minimize the look of discoloration for more even-looking skin over time. A unique chemical structure enables vitamin E to disperse on the skin's surface for visible, long-term dramatic results.

Mineral-Based Sunscreen: Advanced SPF Protection Minerals found deep within the earth are ground into ultra-fine powders that act like a mirror to help deflect aging UVA & burning UVB rays & are considered to be gentle on skin & non-irritating.
