

CAMILIA- matricaria recutita, rhubarb, phytolacca americana root liquid
Laboratoires Boiron

Disclaimer: This homeopathic product has not been evaluated by the Food and Drug Administration for safety or efficacy. FDA is not aware of scientific evidence to support homeopathy as effective.

Camilia

Active ingredients** (in each 1 mL vial)

Chamomilla 9C HPUS (0.33mL)

Phytolacca decandra 5C HPUS (0.33mL)

Rheum 5C HPUS (0.33mL) (contains less than 10⁻⁹ mg anthraquinone glycosides)

The letters "HPUS" indicate that the components in this product are officially monographed in the Homeopathic Pharmacopoeia of the United States.

Purpose*

Chamomilla 9C HPUS (0.33mL) ... Relieves teething pain accompanied by irritability

Phytolacca decandra 5C HPUS (0.33mL) ... Relieves painful gums

Rheum 5C HPUS (0.333mL) ... Relieves minor digestive upsets associated with teething

Uses*

temporarily relieves symptoms of teething such as:

- painful gums
- irritability
- minor digestive upsets associated with teething

Do not use if your child has a known allergy to any ingredient in this product.

Stop use and ask doctor if symptoms persist for more than 3 days or worsen, or if swelling, fever, or rash develops.

Keep out of reach of children. In case of overdose, get medical help or contact a Poison Control Center right away.

Children 1 month of age and older:

Give 1 dose at the onset of symptoms.

Wait 15 minutes, then repeat if needed for up to a total of 9 doses per 24 hours.

1. Tear open the foil pouch at the notched edge.
2. Snap off one pre-measured dose.
3. Twist to open.
4. Holding the child upright, squeeze entire contents into mouth.

alcohol, purified water

do not use if glued carton end flaps are open or if inner foil pouch and vials are not intact

do not refrigerate or freeze

after opening foil pouch: store unused vials in the foil pouch and in the box for no longer than 3 months

after opening the vial: use product immediately then discard

contains less than 0.0015% alcohol

Teething Relief*

Painful Gums Irritability*

*CLAIMS BASED ON TRADITIONAL HOMEOPATHIC PRACTICE, NOT ACCEPTED MEDICAL EVIDENCE. NOT FDA EVALUATED.

**C,K,CK, and X are homeopathic dilutions: see BoironUSA.com/info for details.

THE SIGNS OF TEETHING

- Puffy gums
- Excessive drooling
- The need to gnaw
- Ear pulling
- A change in eating habits
- Fussiness, especially at night

THE BENEFITS OF CAMILIA

Temporarily relieves symptoms of teething, including painful gums, irritability, and minor digestive upsets associated with teething.

- Hygienic pre-measured liquid doses
- For home and on the go
- Easy to give—just twist & squeeze
- Will not interfere with nursing

Drug Facts

Active ingredients: In each 1 mL mL, **Chamomile** (EC 1975 G.1.1), **Hydroxyzine** (USP) (2.5 mg), **Phosphorus** (USP) (32 mg), **Thymol** (USP) (0.2 mg).

Purpose: **Chamomile** relieves teething pain, **Hydroxyzine** relieves irritability, **Phosphorus** relieves minor digestive upsets associated with teething, and **Thymol** relieves minor irritability.

Other information: The letter "NPS" indicates that the components in this product are officially recognized in the Homeopathic Pharmacopoeia of the United States.

Uses: Temporarily relieves symptoms of teething such as:

- puffy gums
- irritability
- minor digestive upsets associated with teething

Warnings: Do not use if your child has a known allergy to any ingredient in this product.

Directions: Children 1 month of age and older: Give 1 dose at the onset of symptoms. For infants 15 months, then repeat if needed for up to a total of 5 doses per day.

Other information: Do not use if seal is broken and there are signs of tampering or if there is mold, discoloration, or if there is an odor. Do not use if the product has expired. Do not use if the product has been used previously.

Inactive ingredients: Purified water.

Drug Facts

Active ingredients** **Purpose***
 Chamomilla 9C HPUS Relieves teething pain accompanied by irritability
 Phytolacca decandra 5C HPUS Relieves painful gums
 Rheum 5C HPUS Relieves minor digestive disorders associated with teething

The letters HPUS indicate that this ingredient is officially included in the Homeopathic Pharmacopoeia of the United States.

Uses*
 ■ temporarily relieves symptoms of teething, including painful gums and irritability
 ■ helps in relieving minor digestive disorders sometimes associated with teething

Warnings
 Stop use and ask a doctor if symptoms persist for more than 3 days or worsen, or if inflammation, fever or rash develops. After administering, discard single-use container. Do not reuse. Keep out of reach of children.

Directions
 Children 1 month of age and older:

Repeat, as needed, every 15 minutes for 2 more doses. If or when symptoms return, repeat these dosage instructions for up to a total of 9 doses per day.

Other information
 ■ do not use if glued carton end flaps, inner foil pouch, and single-use container are not intact ■ store at 68-77°F (20-25°C)

Inactive ingredient
 purified water
