Uses

A coating that temporarily protects inflamed and irritated skin and helps provide temporary relief of:

- burning
- skin irritations
- anorectal discomforts
- painful bowel movements
- itching

Warnings

For external use only

When using this product

- Do not exceed the recommended daily dosage unless directed by a doctor
- Do not put this product into the rectum by using fingers or any mechanical device or applicator

Stop use and ask a doctor if

- condition worsens or does not improve within 7 days
- bleeding occurs
- the symptom being treated does not subside or if redness, irritation, swelling, pain, or other symptoms develop or increase

If pregnant or breast feeding, ask a health professional before use.

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away

Directions

Adults: When practical, cleanse the affected area with mild soap and warm water and rinse thoroughly or by patting or blotting with an appropriate cleansing pad. Gently dry by patting or blotting with toilet tissue or a soft cloth before application of this product. Apply externally to the affected area up to 6 times daily or after each bowel movement.

Children under 12 years of age: consult a doctor.

Other information

storage temperature: not to exceed 30° C (86° F).

Inactive ingredients

calamine, glycerin, lanolin, petrolatum, phenol, sodium bicarbonate, thymol, vitamin E (tocopherol acetate)
