

**ARIELLA HEMORRHOID- lidocaine, phenylephrine hcl ointment**  
**YITONGBADA (SHENZHEN) INTERNATIONAL TRADE CO., LTD**

-----

Drug Facts

## Drug Facts

### Active ingredients

Lidocaine 6% .....	Protectant
Phenylephrine HCL 0.25%.....	Vasoconstrictor

### Purpose

### Uses

-helps relieve itching and discomfort associated with hemorrhoids - temporarily shrinks swelling and relieves burning and pain -soothes and protects irritated tissue

### Warnings

For external and/or intrarectal use only

#### Ask a doctor before use if you have

-heart disease -high blood pressure - thyroid disease - diabetes -difficulty in urination due to enlargement of the prostate gland

Ask a doctor or pharmacist before use if you are presently taking a prescription drug for high blood pressure or depression.

When using this product do not exceed the recommended daily dosage unless directed by a doctor

Stop and ask a doctor if - bleeding occurs -condition worsens or does not improve within 7 days -introduction of the applicator into the rectum causes additional pain -an allergic reaction occurs - symptom does not improve or if redness, irritation, swelling, pain or other symptoms develop or increase

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children. In case of accidental ingestion, seek medical advice immediately or contact a Poison Control Center right away. (1-800-222-1222)

### Directions

-when practical, cleanse the affected area by patting or blotting with an appropriate cleansing wipe. Gently dry by patting or blotting with a tissue or a soft cloth before application.

-apply half the gel in the applicator to the external affected area (*only applies if you have external symptoms*)

-find a comfortable position and gently insert about ½ inch into the rectum.

-push the end of the applicator to apply the remaining gel inside the rectum (*Both steps are necessary for both internal and external symptoms as external hemorrhoid often comes with internal hemorrhoid*)

-dispose the applicator after use.

-avoid movement for 1-3 hours

-Children under 12 years of age: ask a doctor

**Other information** store at 15-25°C (59-77°F)

**Inactive ingredients** Borneol, Carbomer Homopolymer, Chlorhexidine Acetate, Glycerin, Thymol
