Purpose

Shampoo

Hair Care

Body Wash / Bathing

Dandruff Control

Hair Loss Prevention

Fragrance

Uses

Directions

Shampoo usage instructions

Wet hair or body. Pour out an appropriate amount of shampoo and rub it with your palm to create bubbles. Apply the product to hair or gently rub on the body for a few minutes to ensure even coverage.

Rinse hair and body with running warm water, do not rub vigorously. The water temperature should not be too high to prevent hair from losing its luster. Simply rinse it off thoroughly.

If necessary, repeat the above steps for shampooing. Finally, gently pinch dry hair with your hands or wipe hair and body with a dry towel.

Warnings

For external use only. Avoid contact with eyes. If irritation occurs, discontinue use.

Stop use

If irritation, redness, or discomfort occurs, discontinue use immediately and consult a doctor.

Do not use

Allergy to Ingredients: Do not use if you have an allergic reaction to any ingredient in this product.

Skin Damage or Inflammation: Do not use if there is any skin damage, inflammation, or infection during use.

Eye Contact: Avoid contact with eyes; if contact occurs, rinse immediately with water and seek medical help.

Use by Children: Do not use in children under 12 years old unless directed by a doctor.

Pregnancy or Breastfeeding: Consult a doctor before use if you are pregnant or breastfeeding.

Keep out of reach of children!

Keep away from children!

Use by Children: Do not use in children under 12 years old unless directed by a parent or doctor.

Precautions for Use

Eye Contact: Avoid contact with eyes; if contact occurs, rinse immediately with water and seek medical help.

Instructions for Use

Instructions for Use

Wet Hair: Thoroughly wet your hair and scalp before using the shampoo.

Dispense the Right Amount: Squeeze out an appropriate amount of shampoo (usually about the size of a coin), adjusting the amount based on the length and thickness of your hair.

Apply Evenly: Apply the shampoo evenly to your hair and scalp, gently massaging to create lather.

Rinse: Rinse thoroughly with warm water, ensuring that all the shampoo is washed out.

Repeat if Necessary: If you have special cleansing needs, you may use the shampoo again.

Follow with Conditioner: After using the shampoo, it is recommended to use a conditioner to keep your hair moisturized and smooth.

Frequency of Use: It is advisable to use the shampoo regularly based on your hair type and needs. Typically, using it 2-3 times a week is appropriate.

DOSAGE & ADMINISTRATION SECTION

Frequently Asked Questions

How often should I use ITSRT?

You only need to use ITSRT every 3 to 4 days (about twice a week) for 8 weeks. On the days you don't use ITSRT, you can use your regular shampoo and conditioner.

Can I continue to use ITSRT?

Always follow the label instructions. You may use ITSRT every 3 to 4 days (about twice a week) for 8 weeks, then as needed to control dandruff.

Is ITSRT safe to use on color-treated or keratin-treated hair?

Yes, ITSRT is safe to use on color-treated, chemically processed, and gray hair.

Is it okay to use a conditioner with ITSRT?

We recommend using a conditioner between uses of ITSRT. Some dandruff shampoos don't smell very good; how does ITSRT smell? ITSRT has a clean, fresh scent and a pearlescent, soft look and feel.

Does ITSRT work on severe dandruff?

Clinical studies show that ITSRT is effective in controlling symptoms of mild, moderate,

and even severe dandruff, such as flaking, dryness, and itching.

How fast does ITSRT work?

Always follow the label instructions and use ITSRT every 3 to 4 days (about twice a week) for 8 weeks. Published clinical study results show that ketoconazole, the active ingredient in ITSRT, starts working from the first use to relieve dandruff symptoms and control the fungus that causes dandruff.
