EltaMD UV Skin Recovery Broad Spectrum SPF 50 is a green tinted, pure mineral sunscreen that protects, recovers and strengthens sensitive skin while immediately neutralizing the look of redness with its color correcting technology. Formulated with AACOMPLEX, a patented blend of 3 amino acids that are proven to visibly reduce redness, minimize the risk of irritation & help reduce sun damage. Centella Asiatica, a powerful herbal plant calms skin while a ceramide blend nourishes skin and strengthens the skin barrier. This broad spectrum sunscreen contains micronized zinc oxide to protect your skin from damaging UVA (aging) and UVB (burning) rays. Visible redness is immediately reduced and the skin is left strengthened, recovered and protected. This gentle and effective sunscreen is suitable for compromised skin, including skin post fractionated laser* and skin prone to rosacea.

It is fragrance-free, paraben-free, hypoallergenic, non-comedogenic and will not clog pores which can lead to breakouts.

*Post non-ablative laser.
