Warnings

For external use only

Do not use

- on wounds or on irritated or damaged skin
- with a heating pad

When using this product

- use only as directed
- do not bandage tightly
- avoid contact with eyes and mucous membranes
- do not expose the area to local heat or to direct sunlight
- rare cases of serious burns have been reported with products of this type
- a transient burning sensation may occur upon application but generally disappears in several days
- avoid applying into skin folds

Stop use and ask a doctor if

- condition worsens or symptoms persist for more than 7 days
- symptoms clear up and occur again within a few days
- redness is present or excessive skin irritation occurs
- you experience severe burning pain, swelling, or blistering where the product was applied

If pregnant or breast-feeding,

ask a health professional before use.

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- adults and children 12 years of age and older:
 - remove backing from patch by firmly grasping both ends and gently pulling until backing separates in middle
 - carefully remove smaller portion of backing from patch and apply exposed portion of patch to affected area
 - once exposed portion of patch is positioned, carefully remove remaining backing to completely apply patch to affected area
 - apply to affected area not more than 3 to 4 times daily
 - wash hands after applying or removing patch. Throw away the patch by folding sticky ends together.
- children under 12 years of age: ask a doctor
