

**DR. PERRYS DAY THYME SPF 20 BROAD SPECTRUM SUNSCREEN- zinc
oxide gel
Englewood Lab, Inc.**

Dr. Perry's Day Thyme SPF 20 Broad Spectrum Sunscreen

Drug Facts

Active Ingredients

Zinc Oxide 10%

Purpose

Sunscreen

Uses

- Helps prevent sunburn.
- If used as directed with other sun protection measures (), decreases the risk of skin cancer and early skin aging caused by the sun. ***see Directions***

Warnings

For external use only.

Do not use

on damaged or broken skin or mucous membranes or during pregnancy.

When using this product

keep out of eyes; if product contact eyes, rinse well with water.

Stop use and ask a doctor

if rash or irritation develops.

Keep out of reach of children.

If product is swallowed, get medical help or contact a Poison Control Center right away.

Directions

- In the morning, wash face with mild soap such as Dr. Perry's Clean Thyme. Pump twice and coat entire face and neck and massage into skin, avoiding eyes. Skin should be dry before applying makeup.
- Apply liberally 15 minutes before sun exposure.
- Use a water resistant sunscreen if swimming or sweating.

- Reapply at least every 2 hours.
- Spending time in the sun increases your risk of skin cancer and early skin aging. To decrease this risk, regularly use a sunscreen with a Broad Spectrum SPF of 15 or higher and other sun protection measures including: **Sun Protection Measures.**
- limit time in the sun, particularly between 10 am and 2 pm.
- wear long-sleeve shirts, pants, hats, and sunglasses.
- Children under 6 months: ask a doctor

DayThyme® is your skin protector. During the day, your skin is assaulted by dangerous ultraviolet light and so I included zinc oxide, a broad-spectrum sunscreen that protects you from both ultraviolet A and B light. My zinc oxide is not absorbed into the body. I don't use those cheaper, but harmful, chemical sunscreens that can be absorbed.

I included Vitamins B3 (niacin) and B5 (panthenol) in DayThyme. These help your skin tolerate soaps and other toxins. I added olive and safflower oils for moisturization and to make DayThyme feel silky on the skin. And while I try to avoid fragrances, I included thyme, a great antioxidant that smells so good. Use DayThyme in the morning after washing. Give it a few minutes and then apply your makeup using DayThyme as your foundation.

Arthur W. Perry, MD, FACS

No sulfates, parabens, dyes, artificial fragrances, petrolatum, or phthalates and no animal testing.

Dr. Perry received his medical degree from Albany Medical College with Distinction in Research and took residency training at Harvard, Cornell, and the University of Chicago. He is a board-certified plastic surgeon and an Adjunct Associate Professor of Surgery at Columbia University, has been on Castle Connolly's Best Doctors in the New York area list for over a decade, and was included on the *New York Magazine's* Top Doctors list. After a decade as the Governor's appointee to New Jersey's State Board of Medical Examiners, he was awarded the Distinguished Service Award for Outstanding Contributions to Plastic Surgery. Dr. Perry has authored 4 books, including the award winning *Straight Talk about Cosmetic Surgery and You: Being Beautiful*, a *New York Times* best seller written with Drs. Mehmet Oz and Michael Roizen. He hosts *What's Your Wrinkle*, a weekly radio show on WABC in New York City.
