FRONT LABEL

American Red Cross

50% Isopropyl Rubbing Alcohol

First Aid Antiseptic

For Rubbing & Massaging*

Alcohol's effectiveness at killing germs "drops sharply when diluted below 50% concentration," and the optimal concentration for killing bacteria is between 60 to 90 percent, according to CDC. For hand sanitization purposes, a 70% dilution is recommended. *This product is intended for massaging, minor cuts and other cleaning purposes.
