 Print Orientation: Surface Print Substrate: White
 TB SKU Code: 6000138

This PDF Digital Proof is for content approval only and not intended for color approval. If a full color sign-off is required, a calibrated and profiled physical proof is needed for evaluation. If you do choose to approve this PDF Digital Content Proof, it is understood that you agree to having the printer to not be a proof which you have not physically seen or approved for color accuracy. If under the current circumstances of working from home, you are limited to reviewing hard Copy Contact proofs without having the optimal standard viewing conditions, it is recommended to view the proof in outdoor natural daylight, which is closer to industry standard (D50), versus artificial lighting within your home.
