This PDF Digital proof is for content approval only and not intended for color accuracy or color approval. If a full color sign-off is required, a calibrated & proofed physical proof is needed for evaluation. If you do choose to approve this PDF Digital Content proof, it is understood that you agree to having the printer to not to a proof which you have not physically seen or approved for color accuracy. If under the current circumstances of working from home, you are limited to reviewing hard Copy Contract proof instead having the optional standard viewing conditions, it is recommended to view the proof in outdoor natural daylight, which is closer to industry standard (D50), versus artificial lighting within your home.

 TB SKU Code: 900138

This PDF Digital Proof is for content approval only and not intended for color approval. If a full color sign-off is required, a calibrated and proofed physical proof is required. If you do choose to approve this PDF Digital Proof, it is understood that you agree to having the printer to run a proof which you have not physically seen or approved for color accuracy. If under the current circumstances of working from home, you are limited to reviewing hard copy proofs without having the optimal standard viewing conditions, it is recommended to view the proof in outdoor natural daylight, which is closer to industry standard conditions.

This PDF Digital Proof is for content approval only and not intended for color approval. If a full color sign-off is required, a calibrated and proofed physical proof is needed for evaluation.
