Consult Safety Data Sheet Before Using

HAZARD STATEMENTS:

Causes severe skin and eye damage. May be corrosive to metals. Avoid contact with skin and eyes.

Wear protective apron, gloves, and goggles or face shield when handling this product. Wash thoroughly after handling this product. Harmful if swallowed. Swallowing product will cause severe burns to lining of throat and stomach.

DIRECTIONS FOR USE:

Manufacturing instruction must be developed by the formulator prior to use of this product.

Note to formulator: Mix well in drum before sampling and before each use. Avoid contact with soft metals.

GDC-28™ Concentrate will flow and mix more easily if a day or prior to formulating it is gradually warmed to 70⁰⁰F - 100⁰⁰F and then slowly added in a thin stream while mixing.

GDC-28™ Concentrate is an iodophor concentrate based on iodine and glycerin. It is specially formulated as a base for manufacturing topical iodine products.

GDC-28™ Concentrate contains no phosphates.

GDC-28™ Concentrate may be used to manufacture topical animal health care products and related antimicrobials. **GDC-28™ Concentrate** is not intended for use as a component of iodophor-based sanitizers and disinfectants. It is the responsibility of the distributor of topical antimicrobials to obtain any necessary regulatory approval from the Food and Drug Administration for products formulated from **GDC-28™ Concentrate** which carry specific label directions for treatment or prevention of animal diseases.
